

Tender Clarification

Request for Tenders – Consultancy Services for the Development of the Pacific Sustainable Tourism Indicators Framework/Manual to Measure the Sustainability of Tourism		
No	Tender Clarification	Response
1	I understand from the TOR that the role is designed for an individual consultant, however, would SPTO perhaps be open to the idea of a firm such as EY performing this role? We'd like to clarify if this would be a possibility prior to us drafting our EOI.	Yes, companies can also bid.
2	We also had a follow up question, would SPTO be able to provide any guidance on budget to support us in scoping our response?	The budget range is from 20-40k FJD.
