

**Tender 23/003:** *Consultancy Services For The Development Of The Pacific Cultural & Heritage Tourism Guidelines & Conduct The Sustainable Tourism Assessment Of Pacific World Heritage Sites*

**Responses to Clarification**

1. Can we submit one consultant for both components? **Yes, provided that the consultant has the technical qualification and meets all the requirements.**
2. In addition, are you OK with us submitting both components in one proposal? **Yes, we are expecting one proposal, detailing how the consultancy team or consultant in your case is able to carry out the work specified in the TOR.**
3. Lastly, our consultant is based in the USA, but can travel to Fiji and the locations of the heritage sites (we will include this in the financial proposal). It mentions in the proposals that overseas home office is OK, but we just wanted to confirm. **Yes, this is acceptable.**
